## ABOUT US

**American Veterans Care Connection (AVCC) has successfully mastered the process of applying for benefits at Veterans Administration so Veterans and surviving spouses can receive money to purchase home care services. We love our process because once it's complete, your company gets to provide the home care services.**

## THE AVCC STORY

**AVCC's passion to help our nation's Veterans all started when Jeanne Asher, a registered nurse working in home care, investigated funding sources to assist her Veteran father. Jeanne quickly discovered just how challenging it is for Veterans to obtain the benefits that they need.**

**As a solution, she created AVCC as a network of health care professionals committed to helping Veterans and their surviving spouses obtain home care services.**

## WHY AVCC?

**The hardest part of finding the right home care provider is getting started. With Veterans, the difficulty begins when trying to find VA benefits to pay for home care services. Many Veterans may not realize that they are entitled to a home care benefit.**

**At AVCC, we bridge the gap between home care providers and Veterans. We give them the tools they need to work together because we know the value of helping Veterans acquire the support they need.**

# BECOME AN AVCC HOME CARE PROVIDER

Are you a provider looking to expand your client base? With AVCC, you can provide home care services to Veterans and surviving spouses in your community. Services you can provide:

**Companionship**

**Meal Preparation & Feeding**

**Laundry**

**Light Housekeeping**

**Grocery Shopping & Errands**

**Transportation**

**Medication Reminders**

**Bathing, Hygiene & Grooming**

**Mobility Assistance**  
(including transferring assistance and fall prevention)

**Toileting and Incontinence Care**

# THE AVCC DIFFERENCE

## Why Are We Different?

- We handle the process for Veterans and surviving spouses; you handle the home care—we simplify the process for you!
- The AVCC staff is comprised of qualified professionals working together to navigate the process at the Veterans Administration.
- Our competitors offer a loan program that is often confusing to Veterans, surviving spouses, and home care providers—our goal is to streamline the process at every step.

## OUR PROCESS

**We help Veterans and surviving spouses navigate the process at the Department of Veteran Affairs to obtain funds to pay for home care services.**

### **Our process includes:**

- **Processing referrals sent from home care companies that have identified Veterans and surviving spouses in their community.**
- **Completion of a comprehensive screening to see if we can assist a Veteran or surviving spouse in obtaining benefits.**
- **Complete, submit, and monitor all VA paperwork.**
- **Arrange for the start of home care services.**
- **Continued monitoring to achieve quality home care services.**
- **Tracking for changes that affect VA eligibility, so Veterans and surviving spouses remain compliant to qualify for benefits.**

# PARTNERS & ASSOCIATIONS

## National Partners

- **Comfort Keepers**
- **FirstLight Home Care**
- **Visiting Angels**
- **Senior Helpers**
- **Synergy Home Care**

## Associations

- **Missouri Alliance of Home Care**
- **Texas Association for Home Care and Hospice**

# BECOME A HOME CARE PROVIDER AND HELP YOUR COMMUNITY

**AVCC specializes in making life more manageable for those who need it. If you are a provider looking to offer Veterans home care, we want the entire process to be streamlined for everyone involved. We're always seeking out new applicants to join AVCC's nationwide network of experienced providers.**

**If you are a home care provider looking to join our rapidly growing network, reach out to AVCC today. Don't miss your chance to start home care services for a Veteran or surviving spouse.**
